45TH ANNIVERSARY

2026 Vendor Code of Conduct

(page 1 of 4)

Washington State International Kite Festival is a family friendly event. All conduct and merchandise should be in accordance with the following guidelines. Please read, sign and return this form with your application.

1. Please check in on Sunday, 8/16/26 (if you are booking for the whole week) or Thursday, 8/19/25 (if you are booking for Friday, Saturday & Sunday) to verify your specific booth space. When setting up your booth, you are to line up with your neighbor.
2. You have the use of one outlet per space and no generators are allowed.
3. Use only weights to hold down your tents, no pegs into blacktop.
4. Sandwich, reader boards, etc., are not allowed since they can impede traffic.
5. The Long Beach City Police have asked that there be no bicycle riding, rollerblading, skateboarding, etc., on the approach for safety reasons.
6. Please park your vehicle in the designated Vendor area. You will need to prominently display your Vendor Pass in your window while in this area. (You will receive several Vendor Passes in the mail with your “welcome packet” prior to the festival.) No overnight camping is allowed in the parking area.
7. Absolutely no cars in front of your booth after 8:30 am.
8. Please try to plan ahead for your supplies. If you find that a delivery is needed after 8:30 am, the City Crew or festival volunteer will assist you.
9. Please use only hoses approved for drinking water, no garden hoses, since this will affect the taste of the water and your product.
10. Although the Long Beach City Crew will be running “garbage patrol” it is still your responsibility to keep your area clean and take your garbage to the dumpster. You will need to bring your own garbage cans. Vendors who do not clean their area will not be asked back next year. This includes your camping area. Additionally, if the area is not left clean, the City will impose a cleaning deposit. Please help us keep the beach approach clean for everyone!
11. There is absolutely no soliciting or selling outside your booth space.
12. Please observe the Kite Festival hours – 9:00 am to 6:00 pm. On Friday night there will be a lighted kite fly. You may remain open longer hours on any festival days but must be open during stated hours. On Sunday you can start breaking down at 3:00 pm, however, the approach will only be open to vehicles with a valid parking pass until 5:00 pm or when parking lot attendants leave.
13. Only previously approved items may be sold at the Festival. If your application had any item(s) denied, you cannot sell the denied item(s). Selling of denied item(s) will immediately forfeit your space at the Festival.
